Program Spotlight: Youth Swim Lessons

(offered at both pools)

Parent Child - Participants range from 6 months through 3 years. With parent support, classes focus on water safety, participant comfort in the water, and basic swimming skills through a variety of games, songs, and challenges. Participants are ready to move to the next level when they meet both the age requirement and are able to safely participate in a group lesson.

Level 1a & 1b - Participants range from 3 to 5 years of age. Classes are focused on developing independent movement in the water, safety, and basic swimming skills. Participants are ready to move up to the next level bracket when they have aged out of this group or receive a personal recommendation from their swim instructor to sign up for Level 2. See brochure for additional details.

Level 2 - 6 - Participants typically range from 6 years of age through 12 years of age (older students can be accommodated, but may find private lessons are a better fit). Classes are focused on developing progressively more advanced swimming skills. See brochure for additional details.

Private Lessons - Enjoy one on one instruction in private swim lessons. A variety of packages are available. Schedules vary based on participant and instructor schedules. Week day and evening options offered.
